Driving safety tips

The standard Australian Road Rules apply in the Northern Territory. Please ensure you stick to the speed limit at all times, always wear a seatbelt and be respectful of other road users. Most of the main roads in the Northern Territory are in good condition and suitable for all vehicle types. Large road trains are common on main Territory roads. When driving remotely, please ensure you have the required **permits**, enough fuel and appropriate recovery equipment specific for the area you are travelling to. For more information on how to keep safe on NT roads please visit: nt.gov.au/driving/safety

Uluru-Kata Tjuṯa National Park.

Mobile network coverage

Most built up areas throughout the Northern Territory have mobile network coverage, however if you are travelling remotely (i.e. Kakadu National Park or Kings Canyon in Watarrka National Park), you may not have full service at all times.

There are Wi-Fi hotspots located at some of the more remote tourist sites in the Northern Territory. Make sure to upload your favourite road trip moments to Facebook or Instagram at these locations and tag **#NTAustralia**.

Personal safety

It's important to remember that no matter what time of year it is, to always keep hydrated, wear a hat, be sun smart and dress to the conditions.

Always tell someone where you're going.

The Savannah Way travels all the way east to west from Cairns in Queensland* to Broome in Western Australia or vice-versa.

The Savannah Way offers something for everyone, from picturesque escarpments, huge river systems, waterfalls and some real life 'Aussie outback' experiences. Depending on your vehicle (off-road vs standard), you can choose your own route, but the best part of the Savannah Way is of course in the NT.

*Make sure to check road conditions before travelling from QLD. The National Highway 1 to Borroloola is unsealed. A sealed road is available from Mount Isa to Three Ways into the NT.

DAY ONE AND TWO

NT/QLD border to Borroloola

Welcome to the Northern Territory! Get ready for some of the best outback experiences you've ever had on a road trip. The Savannah Way takes you off the beaten track so it's important to plan your journey before setting off.

Head to Borroloola to stock up on supplies and then head out to King Ash Bay. A fishing hub nestled alongside the McArthur River – the perfect base for some great Barramundi and blue water fishing. Before you wet a line, make sure you are registered for **Million Dollar Fish**.

A yearly competition, where anglers are given the opportunity to claim cash prizes when catching tagged Barra throughout the Top End. The season runs from 1 October – 31 March.

Optional add on experiences:

If fishing isn't for you, there are two family-owned stations to check out – Manangoora or Seven Emu Station. **Seven Emu Station** is owned by the Shadforth family who are Garawa Aboriginal people, and run tours sharing their cultural and environmental knowledge from working and living on the land. Manangoora is located 60km from Seven Emu and offers bush camps close to the river.

Both offer self-sufficient 4WDers exclusive camping spots. We recommend you phone ahead to ensure access and availability.

DAY THREE AND FOUR

Borroloola to Limmen National Park

It's not every day that you drive through magnificent country along the Savannah Way and as part of this journey, we highly recommend (if you have a 4WD) to explore **Limmen National Park**.

Limmen National Park is one of Australia's best hidden gems for camping, 4WDing, fishing and sightseeing. The national park is also known for its hiking experiences, particularly in the Southern Lost City area where you can access the seasonal swimming spot of Butterfly Falls.

There are bush camps available at Butterfly Springs, Limmen Crossing, Towns River and others depending on the season and road conditions. The Western Lost City is accessible via a 4WD track. You will need a key from the Ranger Station to unlock the gate at the start of the 28 km track.

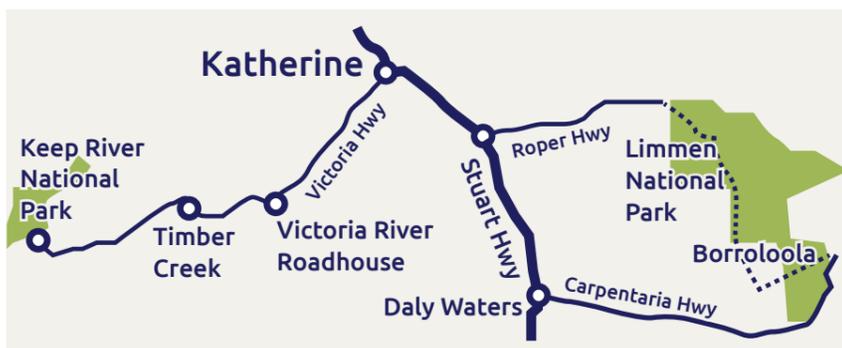

Always remember to Be Crocwise as estuarine (saltwater) crocodiles are present in these areas. It's important to be well prepared when visiting the national park by **checking road access** before arriving and travelling with plenty of water and supplies.

DAY FIVE AND SIX

Limmen National Park to the Stuart Highway

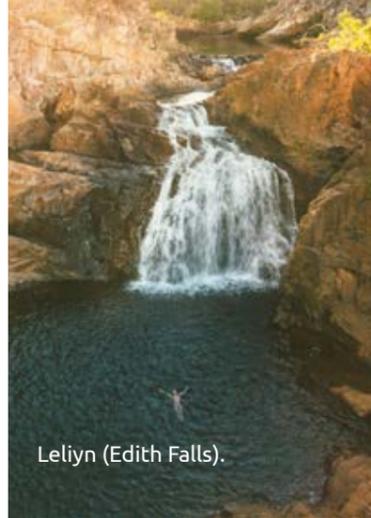

Option one: Travel through some amazing country and head towards the Roper Highway. Please drive carefully. All roads within the national park are unsealed and can be closed due to seasonal flooding from November to May.

Option two: If you choose to take the sealed drive route, continue along the Carpentaria Hwy. Travelling through this region, make sure to explore the spectacular formations **Caranbirini Conservation Reserve**. Next stop, head to the iconic Daly Waters Pub located along the Stuart Highway. It has both private rooms and campsites for travellers to book. Wander inside the pub to grab a meal and check out the remarkable collection of mementos left by visitors over the years.

Lost City, Limmen National Park.

Leliyn (Edith Falls).

Canoeing, Nitmiluk Gorge, Nitmiluk National Park.

Bitter Springs, Eley National Park.

Godinymayin Yijard Rivers Art and Culture Centre, Katherine.

DAY SEVEN AND EIGHT

To Katherine region

Whether you are coming into Mataranka from Daly Waters along the Stuart Highway or Limmen National Park along the Roper Highway, the area around Eley National Park is an idyllic place to stop off at. Check out both the Mataranka and Bitter Springs thermal pools.

Welcome to Katherine – known as the central hub of the Savannah Way. It may be a welcome break from some hard 4WDing for a few days. Set up camp at one of the local caravan parks around the town, or at **Nitmiluk National Park** – just 30 minutes from town. Katherine gives you a welcome opportunity to stock up on supplies, with all the essential services available. With so much to see and do in the area, you may wish to extend your time here.

In Katherine must-see destinations include the Katherine Hot Springs, Nitmiluk National Park, and **Leliyn/Edith Falls**. Activities to include are **Top Didj Cultural Experience and Art Gallery, Katherine Outback Experience, Cutta Cutta Caves**, cruise down **Nitmiluk**

Gorge, take a scenic helicopter flight and much more.

DAY NINE AND TEN

Katherine to Timber Creek

If hiking is your thing, then a visit to **Judbarra National Park** is a must – the second largest National Park in the NT (outside of Kakadu). From Katherine it's an easy drive along the Victoria Highway. There are plenty of options for camping throughout this region and lots of places to try out your 4WDing skills. Ensure you are adequately prepared and equipped before attempting any of these 4WD tracks. Please refer to the **4WD track Judbarra/Gregory National Park fact**

sheet found on the NT Parks and Wildlife website.

The Bullita Stock Route is high on the recommendations – the track is tough but well worth it.

Giwining/Flora River Nature Park is a little more 2WD friendly with some great fishing opportunities, generous camping facilities and bush walks.

DAY ELEVEN

Timber Creek and Judbarra/Gregory National Park

As you head further west in this great part of the country, you will begin to see the landscape clearly change. This region is full of surprises, and the small town of **Timber Creek** is no exception. There are some great spots to launch a boat, cruise around, take a few walks or just sit back and enjoy your natural surroundings. Swing in to spots like Big Horse Creek Campground, with a boat ramp, toilet facilities and plenty of space to set up for the night. Or head in to Timber Creek and stay at one of the local caravan parks.

While you're in the area make sure you visit **Gregory's Tree**, an important Aboriginal sacred site and registered heritage site. Drive to Nackeroo Lookout for breathtaking views of the area. If fishing is your thing – this is the perfect place to throw in a line. Remember to Be Crocwise.

We suggest you contact well ahead to check opening hours. Take an overnight break at **Mainoru Outstation**.

DAY TWO

The Arnhem Highway continues for another 480km (unsealed) where you will reach the main town of East Arnhem Land, Nhulunbuy (also known as Gove). The road may be unpredictable, so ensure you take your time, be prepared and most of all, appreciate the remoteness of the land you are discovering.
